

SmartCommand System 3200D Call Commander

3200D

Description

A code compliant Area of Refuge System requires a central control point where the call boxes call for emergency assistance. The Call Commander (Master Station) provides a means of communication between stranded individuals, rescue personnel, and offsite parties.

Part #: 3200D

Phone Capabilities:

- Audible alert sounds when call boxes place a call until the Call Commander answers the call
- Display indicates which call boxes have initiated a call
- Rescue personnel can communicate with individual call boxes and outside party
- Calls wait in queue until previous call is disconnected and receive a message stating that an emergency call is in progress. When the prior call clears, the next phone in queue is connected.
- Includes handset and speaker phone for communication to call boxes

Code Compliance:

- International Building Code (IBC)
- National Fire Protection Association (NFPA)
- Americans Disabilities Act (ADA)

Power & Wiring Requirements:

- Call Commander is powered from the BOSS
- Call Commander to BOSS requires two pair

Specifications:

- Dimensions:** 7.95" H x 9.84" W x 3.03" D
Environmental: 23° F – 133° F
Mounting: Desk Mount
Warranty: 2 Years
