

SmartCommand System 3200F Call Commander

3200F

Description

A code compliant Area of Refuge System requires a central control point where the call boxes call for emergency assistance. The Call Commander (Master Station) provides a means of communication between stranded individuals, rescue personnel, and off-site parties.

Part #: 3200F

Code Compliance:

- International Building Code (IBC)
- National Fire Protection Association (NFPA)
- Americans Disabilities Act (ADA)

Power & Wiring Requirements:

- Call Commander is powered from the BOSS
- Call Commander to BOSS requires two pair

Phone Capabilities:

- Audible alert sounds when call boxes place a call until the Call Commander answers the call
- Display indicates which call boxes have initiated a call
- Rescue personnel can communicate with individual call boxes and outside party
- Calls wait in queue until previous call is disconnected and receive a message stating that an emergency call is in progress. When the prior call clears, the next phone in queue is connected.
- Includes handset and speaker phone for communication to call boxes
